Connecting to Cottonwood City Wi-Fi
on an Android Phone or Device

Step 1. On your phone go to

Settings > Network & Internet > Wi-Fi

You can also get there using the settings quick access dropdown bar usually at the top of your home screen.

Step 2. Make sure Wi-Fi is enabled, if not enable it using the slider switch.

Step3. Choose **"Cottonwood City"** as the Wi-Fi that you want to connect to.

Step 4. Enter settings as follows:
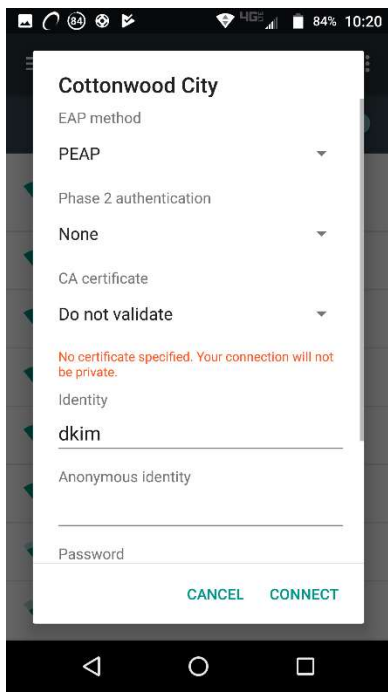

EAP method: PEAP

Phase 2 authentication: None

CA certificate: Do not Valiadate

Identity: Enter your username (this is the first part of your email address)

Anonymous identity: Leave blank

Password: Same password as your email

Step 5: Tap CONNECT

You are connected to the Cottonwood City Internal Network. Please remember to use this wifi network on your own devices; it is not to be used for any non-employee devices such as guests. For any questions or issues please contact helpdesk@cottonwoodaz.gov or dial HELP (4357) from your desk phone.
